

## Welcome Back Pizza Lunch

On Monday, Sept. 27, 2021 the International Student Program hosted some international students for an outdoor lunch at the Pineridge School. In addition to pizza and drinks, each student was also able to rank potential activities for the semester or school year. Bocce, cornhole, ladder ball, soccer, and basketball rounded out the activities held out on the lawn and soccer field. Overall, it was a great opportunity to meet other international students and the ISP staff and get outside on a nice day.
